Faculty of Higher Education

Subject Code	HOH737
Subject Name	International Study Experience
Credit points	24
AQF Level	7 (Year 3)
Delivery mode	Blended
Prerequisites	Attempted all academic subjects in the course.

Subject Overview	In this subject, students will develop their professional identity through engagement in a structured international learning environment. Students will enrol in one semester of study at one of our affiliated campuses in Spain, Italy or England. Through engagement in a facilitated community of practice with other International practice students, and using their lived experience, students will reflect on the application of the skills and knowledge developed in the earlier stages of the degree to a global context in order to develop new ways of thinking and complex problem-solving skills. Engagement in international study experience will enable students to broaden their perspective through immersion in a culturally diverse environment and foster self-reliance, resilience and cultural awareness.

Learning Outcomes	Synthesise theoretical knowledge, experiential learning and professional practice in international environments.
	Collaborate with international communities of practice to promote innovation and knowledge sharing.
	Reflect on identity, ethics and the performance of self and others in a global context.
