Subject Code	PRP718
Subject Name	Professional Practice 2
Credit points	24
AQF Level	7 (Year 3)
Delivery mode	Blended
Prerequisites	PRP618 Professional Practice 1

Subject Overview	Professional Practice 2 extends students' work-integrated learning by developing their ability to analyse, research, and respond to complex workplace challenges. Students apply academic theory and industry knowledge to investigate a real-world workplace issue, develop evidence-based recommendations, and communicate outcomes effectively to stakeholders. The subject aligns to AQF Level 7 by strengthening critical thinking, autonomy, and responsibility in professional practice. Assessments are authentic, problem-focused, and integrate ethical AI use to support data analysis, communication, and professional presentation

Learning Outcomes	Critically evaluate personal and professional growth in relation to prior experience and feedback to inform continuous improvement.
	Apply academic theory and research methods to investigate and address a complex workplace problem.
	Communicate evidence-based findings and recommendations effectively to diverse professional audiences.
	Demonstrate autonomy, accountability, and ethical awareness in the application of professional knowledge.
