Subject Code	PRP918
Subject Name	Professional Practice
Credit points	24
AQF Level	9 (Year 2)
Delivery mode	Blended
Prerequisites	One year of study in the course

Subject Overview	This subject is the professional practice subject for postgraduate students in the Master of Hotel Leadership and the Master of International Hospitality Entrepreneurship. It consolidates prior academic and professional learning through a structured work placement and applied project. Students integrate leadership, innovation, and research-based problem-solving to address complex challenges within the hospitality sector. The subject enables students to demonstrate AQF9 capabilities in synthesis, evaluation, and original application of knowledge. Authentic assessments allow flexibility for leadership and entrepreneurship pathways while maintaining common learning outcomes

Learning Outcomes	Critically evaluate professional practice through advanced reflection, feedback analysis, and leadership self-assessment.
	Apply advanced disciplinary knowledge and sound research methods to solve a strategic or entrepreneurial problem in a hospitality context.
	Generate evidence-based recommendations that demonstrate innovation, leadership, and ethical awareness in complex professional settings.
	Communicate insights and professional outcomes effectively to diverse stakeholders through scholarly and professional formats
